

**Built-in  
Color Camera**

# Fingerprint Biometric System

Time Attendance cum  
Access Control

## Specification

Model	S-B500C-5K	S-B500C-10K	S-B500C-30K
-------	------------	-------------	-------------

CPU	32 BIT CPU (ARM9)		
Display	4.3-inch TFT-QVGA touch screen		
Communication Mode	TCP/IP, U-Disk		
Authentication Methods	Fingerprint, Password, ID card & Combo		
Access Control	Wiegand 26/34; gate magnetism		
Output Button	To open the door; anti trailing; stress alarm function		
Language	English		
Recognition Speed	1.0 second		
Fingerprint Registration Capacity	5,000	10,000	30,000
False Fingerprint Detection	Embedded		
Reader	Inbuilt Proximity Card Reader, Smart Card Reader (Optional)		
Attendance / Access / Management Record Capacity	500,000		
Dynamic IP Allocation	DHCP/FIXIP		
Self-test Function	Daylight time; Sleep function; Set the time internal ring		
Real-time Fingerprint Image Display	Supported		
Camera	Camera real-time camera / display		
Working Voltage	DC12V
