Features

• Digital video / audio coding, multi-channels

• Call directly to guard station and door phones

• Password unlock

• IC/ID card unlock

• photo snapshot (optional function)

• Vandal proof design

• Lift control (optional)

• Language exchange (Chinese, English)

• Picture snap function (optional)

• Intimidated unlock alarm function

• Door contact alarm function

• CCD infrared night vision compensation

• TCP\IP protocol with network function, support remote upgrade

Specification

Model	S-TW1000
Display	10.16cm (4) TFT-LCD
Camera	1/3 inch CCD
Resolution	420TV Line
Working current	400mA
Quiescent current	250mA
Input Voltage	DC18V
Protection grade	IP33
Conversation time	About 120s
IC/ID card reading distance	30mm
Network transmission mode	TCP/IP
Cable requirement	1*CAT5 8-core cable,1*RVV3 X 1.0mm as power cable.
Network Port	RJ45
Transmission range	router or PBX less than 100m, FOT more than 100m
Size of Bottom Case	147*393*80mm
External Dimensions	130*378*65
Working temperature	- 30^{0}C ~ 55^{0}C
Working humidity	45% - 95%

IP Multi Apartment System
